# Porsche eBike Sport

## Components

### Supernova Starstream X Pro front light **NEW**

- Front light with boost mode (peak: 1.000 lumen)

### Topeak BeSeen rear light **NEW**

- To the saddle railing adapted minimalist rear light

### Fox Float DPS air shock

- Three position adjustment (open, firm, closed)
- Adjustable rebound

### Xentis X-Mount carbon wheel set **NEW**

- Full carbon wheel set with five spoke design.
- Handcrafted in Austria

### Shimano XT DI2 12-speed rear derailleur

- Electronic derailleur

### Crankbrothers Highline 3 dropper post **NEW**

- Remote adjustable seat post.

### Rotwild RIC280 integrated carbon cockpit **NEW**

- Carbon handlebar-/stem unit with own developed Shimano display adaption.

### Magura MT7 brakes **NEW**

- One of the strongest and most easily-modulated brakes on the market.
- Tool-free adjustable brake lever

### Carbon frame

- Carbon frame with 100mm of travel. Designed by Studio F. A. Porsche and developed in partnership with Rotwild.

### Fox Float 34 Performance Elite suspension fork **NEW**

- Three position adjustment (open, medium, firm)
- High speed compression adjustment
- Adjustable rebound

Illustration may differ from the serial specification!

## Components

### Crankbrothers Highline 3 dropper post

- Remote adjustable seat post.

### Fox Float DPS Factory

- Three position adjustment (open, firm, closed).
- low-speed-compression adjustment in three clicks.
- Adjustable rebound
- Kashima coating for better suspension response.

### Crankbrothers Synthesis Enduro Carbon

- Reduced rotating mass

### Shimano XT DI2 12-speed rear derailleur

- Electronic derailleur

### Performance-lettering

- Fox Factory colour matching lettering.

### Rotwild B220 Carbon Flatbar

- Width: 780mm
- For better riding control

### Fox 34 Float FIT4 Factory

- Three position adjustment (open, medium, firm)
- Adjustable rebound
- Kashima coating for better suspension response.

### Magura MT7 brakes

- One of the strongest and most easily-modulated brakes on the market.
- Tool-free adjustable brake lever

**Colour update only:** Light Blue Metallic
